AWS Console:

The screenshot shows the AWS Console Home page. It includes sections for Recently visited services (with links to EC2, S3, Aurora and RDS, Lambda), Welcome to AWS (with links to Getting started with AWS, Training and certification, and AWS Builder Center), AWS Health (with Open issues, Scheduled changes, and Other notifications), Cost and usage (with Current month, Forecasted month end, and Savings opportunities), and Solutions (13). The right side features an Applications section with a Create application button and a Cost breakdown section.

AWS Educate:

The screenshot shows the AWS Educate website. It features a banner with the text "Ваше знайомство з хмарою починається тут" and "Незалежно від того, яка ваша мета, ми добрали найкорисніший контент, що допоможе опанувати хмару.". Below the banner, there's a sidebar with filters for Особливості курсу (Cloud Computing, Network & Infrastructure, Machine Learning & AI, DevOps, Big Data, and more), Початок навчання (Introduction to the AWS Management Console, Introduction to Cloud 101, Getting Started with Storage, Getting Started with Compute, Getting Started with Networking, Getting Started with Databases), and Штучний інтелект і машинне навчання (Machine Learning Foundations, Introduction to Generative Artificial Intelligence, Introduction to Amazon Q Developer, Using Amazon Q Developer, Introduction to Amazon Bedrock, Introduction to PartyRock). A sidebar on the right titled "Огляд" says "Дізнайся більше з AWS". The footer includes links for Запитання в аудиторії, Задайте з питаннями, Налаштування файлів cookie, © 2025, Amazon Web Services, Inc. or its affiliates, Конфідальність, and Умови використання сайту.
